Steve Saleen. In 1975 he entered and won his first race. This beginning of an extensive racing career is key to

understanding the success of the Saleen Mustang.

With a racer's heart and a craftsman's eye, Saleen makes sure that each of these qualities is engineered into every Saleen Mustang. Drawing upon Steve's 20 years of racing experience and accomplishments, the dedicated and enthusiastic team at Saleen Performance manufacturers a competition-bred, high-performance driver's car.

A Saleen Mustang belongs as much to the racetrack as it does to the street, and has enjoyed its domination of both. The new Saleen Mustangs stand at the peak of Steve Saleen's vision of creating a car that combines the thrill of exceptional handling and power with the polished sophistication of comfort and beauty.

Saleen Performance's reputation as a master builder of Mustangs has been tested and proven, time and again, everywhere from the pits at Road Atlanta to the pages of Road and Track. Vision, experience, passion and commitment available only at your Ford/Team Saleen Authorized Dealer.

S281

The true driver's car is almost a myth these days. A car that achieves the ideal balance of power, handling, braking and environment. The Saleen S281 Mustang is a true driver's car. No myth. No compromise.

Offered as the S281 Coupe, Convertible or Speedster, each Saleen Mustang is a handcrafted work of art, a masterpiece of performance and personality.

A unique blend of aerodynamic styling, a new generation of Saleen/Racecraft suspension, precise chassis-tuning and lessons learned through years of intense auto racing programs have enabled Steve Saleen to design and engineer performance capabilities of the Saleen S281 Mustang to levels approaching those of pure bred race cars.

The new Saleen S281 Mustang is designed to fulfill every expectation of discerning motorists who understand and appreciate what a true high performance automobile should be.

S281 Coupe, shown in Bright Tangerine Clearcoat.

S281 Convertible, shown in Black Clearcoat.

S281 Speedster, shown in Rio Red Tinted Clearcoat.

Effective, reliable brakes are a vital element in any well set up performance car. Without them and the control they provide, your car can never realize its full performance potential. These optional Saleen/Alcon 4-piston calipers with 13.0 in. grooved disc, provide that control with incredible stopping power.

The Saleen S281 is available with a number of performance options and upgrades. Wheel and tire packages, 3:55.1 differentials, 2 point chassis braces and complete brake systems are only a few of the enhancements offered to suit your individual driving style.

4.6 liter, 281 cid modular engine. Features single overhead cam and distributor-less ignition system. 220 HP with a 5-speed manual or 4-speed automatic transmission.

The Saleen/Allen RRR Speedlab Racing Team with drivers Steve Saleen, Bob Bondurant and Tim Allen, continues to be a dominant force on the world circuit.

Ownership of a Saleen Mustang places you in a select group of performance enthusiasts both past and present.

Each and every Saleen Mustang carries a registered serial number, this number along with the owners name and all specifics relating to that particular automobile will be entered into the Saleen Registry of Owners.

For collectors, this is a tremendous source of tracking the over 4500 Saleen Mustangs built since 1984. Additionally, this information adds to the outstanding resale value Saleen owners have experienced through the years.

You can experience the driving pleasure and performance of the Saleen Mustang by visiting your Ford/Team Saleen Authorized Dealer. Your dealer is the best source for up-to-date information on specifications, service, warranty and financing.
