Final pricing may be shown with estimated tax incentives based on the information available at the date of this confirmation. Tax incentives are complicated and subject to change without notice. Saleen cannot guarantee the current accuracy of the Federal and State EV incentive programs. It is recommended that you consult a tax professional to validate incentive availability and eligibility.

My signature below confirms that I have reviewed the Order form, and it correctly reflects my specifications for the custom-built high-performance Saleen vehicle I am requesting to build. As security for the construction of this custom vehicle, I agree to make with this order a deposit amount of 10% of the total MSRP as reflected above, and acknowledge this deposit is non-refundable after the commencement of vehicle construction pursuant to my specifications. I acknowledge that the payment structure is 10% deposit, 80% once chassis is secured, and remaining balance of 10% must be paid in full by completion. I understand that if Saleen is unable to complete this vehicle for reasons beyond its control, this Order may be cancelled, with no liability to Saleen other than return of my deposit. All information I have provided with this order is true and accurate to the best of my knowledge and belief.
